MODEL: Helios U36/U46 Reservoirs

ISSUE: Symbolic Label Change

NOTES: Effective January 1, 2019 all newly manufactured Helios U36/U46 Reservoirs will be equipped with new symbolic warning labels. Prior to this change, CAIRE maintained a large variety of LOX labels in stock due to the different languages throughout our markets. The use of standard symbolic labels on LOX reservoirs and portables will greatly streamline and simplify the ordering process for customers, improve repair turn-around times, and simplify inventory management for both CAIRE and our customers.

The new symbols on the warning label are defined in the accompanying user manual included with each unit.

Note that the Helios Portable units have been manufactured with the new symbolic label since 8/22/2016.
