

CAIRE O2 Hospital Discharge Program

IMPROVE EFFICIENCY AND INCREASE NEW PATIENT REFERRALS

The CAIRE Oxygen hospital discharge program creates an opportunity to collaborate with your referral sources while providing the best service and care for your oxygen therapy patients with a transportable oxygen concentrator.

QUICK AND EFFICIENT DISCHARGE PROCESS

- Eliminate delays for patient discharges and reduce overtime with last minute in-home setups
- Improve route planning with scheduled delivery of stationary and portable oxygen equipment based on staff availability and existing routes
- Facilitates improved service during unique discharge situations such as broad rural service areas, inclement weather and times of increased new oxygen setups

IMPROVED COMPLIANCE UPON DISCHARGE

- Simple and easy to use operation improves patient confidence and promotes use as prescribed
- Portability offers unlimited ambulation and mobility to give patients more flexibility

CONVENIENT AND CONTINUOUS CARE

- Unique clinical features and unparalleled versatility can adapt to a wide variety of patient needs ensuring effective oxygen therapy
- Visibility to device performance enables fleet management and remote troubleshooting with telehealth solution

Contact your sales representative about the CAIRE O2 Hospital Discharge Program to learn more about incorporating this program for your next patient.

CAIRE's Continuum of Care

DAY OF DISCHARGE

- > Clinically-proven Eclipse 5[®] transportable oxygen concentrator offers unmatched comfort and versatility until the scheduled in-home setup
- > Eclipse 5 provides continuous flow up to 3 LPM and pulse dose delivery up to a 192 mL bolus, along with unique clinical features accommodating a broad range of prescription needs
- > Eclipse 5 is easy to train on and operate, affording unlimited ambulation with a rechargeable battery, motor vehicle and electrical power to keep your patients active

IN-HOME SETUP

- > CAIRE's leading stationary concentrator, the Companion 5, offers a simple user interface and proven performance and reliability
- > The award-winning FreeStyle Comfort portable oxygen concentrator offers innovation in oxygen therapy with smart O₂ delivery, unmatched comfort, and durable design
- > Low-contact initial patient setup utilizing quick start guides

CONTINUOUS CARE

- > Smart oxygen delivery with unique features including UltraSense[®], autoDOSE, and myCAIRE™ help ensure your patients get the oxygen they need, when they need it
- > Proven quality and support with robust sieve bed technology and critical components allow for minimal maintenance and long life. CAIRE offers one of the best warranties available, with a 3-year warranty on the device and sieve beds.
- > Reduce operational costs with improved fleet management and the elimination of regular deliveries
